DETAILED ACTION

Response to Arguments

1. Applicant's arguments, filed March 28, 2006, with respect to claims 7, 9, 10, and 12 have been fully considered and are persuasive. The rejection of the above claims has been withdrawn.

Allowable Subject Matter

2. Claims 7, 9, 10, and 12 are allowed.

3. This communication warrants no examiner's reason for allowance, as applicant's reply makes evident the reason for allowance, satisfying the record as whole as required by rule 37 CFR 1.104 (e). In this case, the substance of applicant's remarks filed on March 28, 2006 with respect to the amended claim limitations point out the reason claims are patentable over the prior art of record. Thus, the reason for allowance is in all probability evident from the record and no statement for examiner's reason for allowance is necessary (see MPEP 13202.14).

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
